

## MS Outlook (code: Outlook)

compliant with: Learn Microsoft Outlook 2010 Step by Step, Level 2  
(compliant with MS 50536)

### Overview

The course provides students with an overview of the features and functions of the program including modules: Mail, Calendar, Contacts, Tasks, and Journal. Best practices and mail savoir-faire. Students practice every subject in hands-on lab.

**Microsoft Certificate:** for an additional fee of **20 GBP** per person, we provide registration with Microsoft Authorized Training system. Training participant registered in this system receives a certificate recognized and respected anywhere in the world, and additional electronic training materials provided by Microsoft.

Genuine Microsoft certification not only confirms the holder's skills - it can also be a valuable part of a resume. **Important:** authorization is available for on-demand training courses only.

## Target audience and prerequisites

The course is intended for everyday MS Outlook users, who want to utilize the powerful features the program offers instead of simply using it to receive and send e-mails.

Before attending this course, students must have:

- Basic computer knowledge, such as keyboard and mouse skills.
- Basic file-management skills. The student should know how to navigate to folders and files on a computer running Windows Vista / Windows 7.
